About Us

GoCare Training Institute (GTI) is a fully registered and accredited technical and vocational college offering artisan, certificate and diploma courses. The college started training and academically empowering passionate learners in 2018 and is fully registered, accredited, regulated and licensed by The Ministry of Education, The Technical and Vocational Education and Training Authority (TVETA), National Industrial Training Authority (NITA), The Technical and Vocational Education and Training Curriculum Development, Assessment and Certification Council (TVET CDACC), The Kenya National Examinations Council (KNEC), A member of The Kenya Association of Technical Training Institutions (KATTI). We are also recognized and approved by The Kenya Health Professions Oversight Authority (KHPOA) that licensure certificate and diploma medical and health sciences courses trained one year and above. We are a certified, accredited and an approved global examination center for international training, examination, and certification by accrediting bodies such as The American Medical Certification Association (AMCA), United States of America (USA), Skill Development Council – SDC Canada, American Heart Association (AHA) and ICDL Global Foundation, International Certificate of Digital Literacy, Ireland. The programs we train are registered, regulated, certified, examined, accredited, and licensed by these Kenyan authorities and certified by international bodies thus our students have a strong and legally recognized foundation for studying now and furthering education and careers in future, locally or internationally, and seeking job opportunities, locally and abroad.

Vision

To be a leading and preferred centre of excellence that equips learners with relevant, practical, and industry-aligned knowledge and skills.

Mission

To provide high-quality, competency-based training that empowers learners with the skills, knowledge, and values required to excel in the job market and deliver exceptional service to society with confidence and professionalism.

Core Values

The Institute upholds the following core values, which guide all academic, administrative, operational, and student-related functions.

-  **Excellence and Professionalism** - Commitment to delivering high-quality, industry-aligned training and upholding the highest standards of professional conduct.
-  **Integrity and Accountability** - Upholding honesty, transparency, ethical behaviour, and responsibility in all institutional operations.
-  **Innovation and Continuous Improvement** - Promoting creativity, research, technology adoption, and ongoing enhancement of training, systems, and services.
-  **Student-Centred Growth and Success** - Ensuring that all institutional processes, support systems, and learning experiences prioritize learner development and achievement.
-  **Inclusivity, Respect, and Diversity** - Fostering an environment that values diversity, equal opportunity, dignity, and respect for all individuals.
-  **Industry Partnership and Employability** - Strengthening collaboration with employers and stakeholders to enhance relevance, employability, and workforce readiness.

**FUN,
LAUGHTER
AND ENDLESS
OPPORTUNITIES**

INDUSTRIAL AND FIELD ATTACHMENT:

Field Attachment Placements Are Already Arranged for By the School.

CAREER AND JOB OPPORTUNITIES:

Hospitals, Health Care and Medical Centers, Home Based Care, NGOs, Hospices, Doctors and HealthCare Professionals' Offices and Clinics, Hotels and Hospitality Industry, General Businesses and Corporate Entities, County and National Government Etc. And Other Diverse Job Opportunities Both Locally and Internationally.

JOBS AND WORK OPPORTUNITIES

Our good name, reputation, legitimacy, industry leadership and credibility have over many years (a decade+), given a competitive advantage to our students in seeking available job and employment opportunities locally and abroad. In addition, where possible and when available, we partner with employment agencies, facilitate, advise and support our students to advance their careers and help network for available job opportunities, both locally and internationally.

Many of our students have secured jobs locally in various organizations, hospitals, companies, health and medical centers, homecare, personal/private assistants, long-term care and nursing homes, and other facilities.

By God's grace, most of our students have also relocated abroad to different countries for job and employment opportunities in different sectors, organizations, hospitals, companies, hospitality industry, elderly care facilities, nursing homes, and other facilities. Our alumni are in countries such as the United Kingdom (UK), the United States of America (USA), Canada, Germany, Qatar, Turkey, Dubai, UAE, etc. Just to mention a few that we are informed of.

Through our sister company, GoCare Health Solutions, we also prioritize and employ our qualified students for home-based health care services here in Kenya.

In all our companies, including the college, when job opportunities arise for any office duties and other day-to-day responsibilities, we prioritize and employ our qualified students. As of today, several of our alumni are working either with our home care clients or are colleagues and work mates in different offices.

We care, and our desire is to see our students empowered and advancing in their careers even after school.

HOSTELS / ACCOMODATION AVAILABLE!
